GREENHOUSE, WINDOW AND BEDDING PLANTS,

VASES, HANGING BASKETS

VEGETABLE PLANTS, ETC., ETC.

GROWN AND FOR SALE BY

E. M. MITCHELL,

MOLSON STREET, PORT HOPE, ONT.

TO CUSTOMERS

— AND —

THE PUBLIC GENERALLY.

 N the approach of another spring it gives us great pleasure to once more thank our numerous customers for their kind patronage in the past, and perhaps to merit a more increased portion of the same in the future. Our Greenhouses being all new and up to date we are in a position to grow most plants to the best advantage possible, and have no doubt of giving good satisfaction in any orders that are entrusted to us. Our lists of the various lines of plants contain the very best sorts proved by actual trial on our own grounds, and our descriptions will not I think be found exaggerated. In the case of the few novelties we have not yet had opportunity to test, it is so stated, and we give the descriptions of the introducers of them. It will be found that we have priced everything as low as they can be grown for, and all quotations are for cash. Customers at a distance will oblige by sending a remittance with their orders, and so save delay. Hoping to be favored by all our old customers and many more new ones.

I AM YOURS RESPECTFULLY,

E. M. MITCHELL.

ONTARIO GARDENS, PORT HOPE, 1904.

TO DEALERS.

All dealers wishing to engage in the flower trade, are invited to send for our Wholesale List, by which they will see it is to their advantage to buy from this establishment. Being in a first-class position for shipping in all directions, I feel certain of giving satisfaction, both in promptness in filling orders and in quality of goods. Dealers who can do so, are invited to call at the Greenhouses, where they are at liberty to select their own orders. To those who prefer to order otherwise, I will try to give every satisfaction.

A FEW HINTS ON THE CARE OF HOUSE PLANTS.

The four most important requisites for the successful culture of plants are: 1st, proper temperature; 2nd, sufficient light; 3rd, fresh air whenever practicable; 4th, proper attention to watering.

1st. TEMPERATURE.—This will, of course, vary for different plants, but the majority of flowering plants, in common cultivation, will thrive in an average heat of 60 degrees by day and 50 degrees by night. A few degrees over or under will make no very material difference. Coleus, and a few other things will develop better in a higher temperature, and Roses and others will take lower with advantage, but the above will be found about the best medium for general collection.

2nd. LIGHT.—Light is a great desideratum, as but few flowering plants will flourish and bloom satisfactorily without it. In winter, especially, it is necessary to give plants as much sunlight as possible. In summer, when more air can be admitted, it is not so necessary. In the hottest time a moderate shade will be found beneficial for almost anything.

3rd. AIR.—The rule is to admit air at every possible opportunity, being careful, however, not to chill the plants.

4th. WATERING.—This requires a good deal of attention. Many people have the idea that just so much water should be applied daily. This is a serious mistake. Many plants which need a quart of water a day in summer, do not need so much a week in winter. It is better to let the soil in the pot get dry before watering, then soak it thoroughly and do not water it again until dry. At all times the foliage should be washed sufficiently to keep it always in a clean, healthy state.

INSECTS—If taken in time are easily kept under. It is when plants are neglected that vermin become so numerous, as, in some cases, to make it almost impossible to get rid of them. The most common insects are the following:—

APHIS, OR GREEN FLY.—An application of Tobacco, in the form of smoke or tobacco water will finish them.

RED SPIDER.—A very minute insect, scarcely to be seen. Its presence may be known by the leaves appearing as if shrivelled. The best remedy is to keep the leaves moist on both sides, as the spider cannot stand moisture.

SCALE—Appears clinging to the bark of Oleanders, and other hard wooded plants. A solution of whale oil soap, or where that cannot be had, strong soft soap will kill them; afterwards washing the bark well will prevent further attacks.

MEALY BUG.—It is a white downy looking fellow, which occasionally appears. A touch of alcohol on a feather will kill him. The preventive for all insects is to look over your plants occasionally, and with a small brush, or your hand, remove and kill any that may be seen. This is more quickly and easily done than you would think, till you have tried it,—and it is sure.

EARTHWORMS—Occasionally get into pots, and loosen the earth around the roots. When signs of them are observed, a little lime-water dislodges them.

CATALOUGE

ACHANIA MALVAVISCUS 10 to 25 cents each

Sometimes called the Upright Fuchsia. An easily grown house plant, blooming freely all the year.

ACHYRANTHUS 5 cents each

One of the most useful class of plants for bedding purposes to form ribbon lines or pattern beds. The following are the best sorts :—

Brilliantissima ; deep light red.
Formosa ; red, pink and yellow.

Lindeni ; rich crimson.
Tom Thumb ; very dwarf and bright yellow
Wallisi ; maroon.

ACHILLEAS 10 cents each

Most useful hardy plants. Small daisy-like white flowers are constantly produced from June till frost, two feet high.

The Pearl, fine double white flowers, much superior to the old variety and equally as hardy and free blooming.

ACONITUM NAPELLUS 10 cents each

This is the old-fashioned Monks-hood, with deep purple spikes of bloom, and still worthy of a place in the perennial border.

ÆGOPODIUM PODOGRARIA VAR 10 cents each

The variegated Bishop's Weed. A very hardy plant and useful for bordering permanent beds. Foliage broadly bordered with yellow.

AGAVES or CENTURY PLANT 20 cents to \$5.00 each

There are few plants grown that are as handsome as these for lawn decoration, and they have the advantage that they are not easily injured by neglect. Any tolerably dry place where frost does not penetrate will do to keep them in winter. We have all sizes in both the green-leaved sort and the yellow variegated ones, the latter being the most handsome but the former has the advantage of quicker growth.

AGAPANTHUS UMBELLATUS 25 to 50 cents each

The Blue African Lily. An old favorite pot plant. We offer strong plants that will bloom soon.

AGERATUM 5 cents each

Blanche, pure white.

Princess Pauline. A new variety which may give a new start to these once popular bedding plants. The colour is a bright blue and as the flower gets older the centre of each shows several shades lighter which has a very bright and pleasing effect.

Stella Gurney. Deepest blue ; very compact grower.

AKEBIA QUINATA 25 cents each

A very desirable hardy climber with light green leaves, and producing early in the season quantities of brownish very sweet-scented flowers. Of moderate growth.

ALTERNANTHERAS 5 cents each, 50 cents per dozen

Fine for pattern beds or for edging other beds. We offer several sorts.

AMARYLLUS PURPUREA 25 cents each

Richest scarlet lily-like flower. One of the finest pot plants grown.

AMARYLLUS JOHNSONII 25 cents each

Of larger growth than the foregoing, having crimson flower with a broad white or creamy stripe through the middle of each petal. Also very pleasantly scented.

AMARYLLUS VITTATA 50 cents each

Very large flower. Colours vary somewhat but are mostly in light shades with crimson band.

AMPELOPSIS 10 cents each

For a permanent climber to cover walls, etc., nothing is equal to Ampelopsis Veitchii. For the first two or three winters it is liable to be killed back at the tops more or less but as it grows larger it apparently becomes more hardy and will stand in almost any situation. The Ampelopsis Quinquifolia is the well-known Virginia Creeper and where a rapid growing climber is wanted to cover up sheds, fences etc., it may be used with advantage.

ANTIRRHINUMS or SNAPDRAGONS 15 cents per box

We offer a choice selection of six varieties of the large flowering Snapdragons. These will be sure to bloom this season.

ANEMONE JAPONICA

We have great pleasure in offering the following list of the fine fall flowering Anemones. These are very valuable on account of the quantity of bloom they yield late in autumn when almost everything else in the garden is done. They are generally quite hardy but it will be better to give them a covering of leaves or manure after the ground freezes.

Coupe d'Argent, large single white, new, 25 cents.

Lady Ardilaun, pure white, one of the best, 15 cents.

Lord Ardilaun, said to be an improvement on above, new, 25 cents.

Queen Charlotte, rich soft pink, large, new, 25 cents.

Whirlwind, fine semi-double, white, 10 cents.

Rubra, deep pink, very hardy, 10 cents.

ARABIS ALPINA 5 cents each

White Rock Cress, blooming in early spring. Double white. A great improvement and one of our best spring flowers.

ARISTOLOCHIA SIPHO 25 cents each

The Dutchman's Pipe is one of the best and hardiest climbers. When once established they grow quite fast and no amount of cold or heat seems to hurt them.

ARUNDO DONAX VAR 25 cents each

A very vigorous growing reed almost approaching a Bamboo in growth. Long leaves, beautifully striped with pure white. Very effective in a bed. Our plants are well established roots in pots.

AQUILEGIAS 15 cents each

Canadensis. Red and yellow. Our native sort.

Chrysantha. Bright yellow, tall, with long spurs.

Double White. Fine.

Skinneri, yellow, scarlet and green, long spurs; and a great variety of mixed colours.

ORNAMENTAL ASPARAGUS 15 cents each

The following varieties of Asparagus now take rank amongst the most valuable plants grown:

A Plumosus Nanus is the so-called Asparagus Fern and is extremely handsome either as a pot plant or in a cut state. It is noted for its lasting qualities when cut, being far more durable than any of the Ferns.

A Sprengeri is quite distinct, being of a trailing habit with very rich dark green foliage. Very fine for hanging baskets or for other purposes.

A Verticillatus. A climbing variety somewhat in the way of Tenuissimus but said to be hardy.

ASTERS 15 cents per box of dozen plants

For cutting purposes during the late summer and fall nothing is equal to a good strain of Asters; The following are the very best for cutting from as well as for bedding purposes :

Giant Comet, assorted colours in each box.

Giant Comet, pure white only in each box.

Truffant's Pæony-flowered, assorted.

Truffant's Pæony-flowered, white only.

Semples Branching Asters in four separate colours, white, pink, red and blue.

Vick's branching, white.

Vick's Branching Daybreak, light pink.

AUBRIETIAS 5 cents each

Low growing hardy plants bearing for a long time in spring and early summer a profusion of flowers of about the size of violets, and ranging in colour from pale lilac to deep blue and purple. We offer four of the best sorts.

AUCUBA JAPONICA VAR 25 cents each

The Japan Gold Dust Tree. Beautiful glossy leaves sprinkled with bright yellow. The plants we offer this year are extra fine and bushy, and well coloured. Very handsome.

AURICULAS 10 cents each

Beautiful hardy spring flowering plants which should be in every garden. A great variety of colours.

AZALEAS \$1 00 each

Nothing so handsome for winter. For the benefit of those who cannot procure them conveniently in their proper season, we offer fine bushy plants which may with care be grown to bloom from Christmas onwards. In the winter season we can supply at almost any time grand plants of these full of bloom.

BASELLA RUBRA VARIEGATA 5 to 10 cents each

A shrubby sort of Madeira Vine, with waxy leaves having a deep border of white. Good basket plant or bedder.

BEGONIA FLOWERING 10 to 25 cents each

From a large selection of sorts we name the following as being most useful as pot plants :—

Alba Picta, low spreading plant, leaves beautiful spotted white.

Argentea Guttata, upright grower, largely spotted white.

Bertha Chateaurocher, bright cherry red, one of the best.

Compta, stems and under sides of leaves red upper sides shaded white and green.

Digswelliana, dwarf, free flowering red, sweet scented.

Feastii, (Hydrocotylifolia) round, glossy leaves, flowers pink.

Goury, strong plant, bluish white flowers.

Incarnata Grandiflora, large and deep-coloured flower, rich pink.

Knowsleyana, white flower.

Manicata Aurea, heavily marked with yellow

Margaritæ, somewhat like Metallia, but a better-grower.

Odorata, white, sweet scented.

Otto Hacker, tall large foliage, large red bloom.

Palmata, reddish, palmate foliage.

Paul Bruant, pink, very compact.

Pond Lily, glossy, round foliage, bright pink bloom, very fine.

Semperflorens Alba, waxy leaved white flowers.

Semperflorens Rosea, flowers bright pink.

Semperflorens Gigantea Rosea, bluish rose, large trusses.

Thurstonii, rich pink, handsome foliage.

Weltoniensis, rich pink, best for summer.

Zebrina, handsome metallic shaded leaves.

PERPETUAL FLOWERING BEDDING BEGONIAS 10 cents each

The following sorts do very well in beds, baskets etc., being able to stand the sun and flower constantly ;—

Bijou. The best of the Vernon class, bright red, very compact.
 Erfordii. Light pink ; the finest flowering Begonia in existence.
 Nancy. Double, pink.
 Triomphe de Lorraine. Double, red.
 Weltoniensis. Rich pink.

BEGONIA---GLOIRE DE LORRAINE 50 cents each

Quite distinct from any other Begonias and considered one of the greatest acquisitions of the year. Flowers of a soft red and perfectly cover the plant. Owing to its extremely free blooming character it is very slow and difficult to propagate, which will make it always a comparatively scarce and rare sort.

BEGONIAS REX 15 cents each

Several of the best sorts.

BEGONIAS TUBEROUS ROOTED

The Tuberous Begonias make grand plants for summer flowering and where plenty of water is available are also grand for bedding. We offer fine strong growing plants ready for blooming, in all the different shades. Many have been disappointed in these by buying the dry bulbs advertised by seedsmen, and which generally refuse to grow, as the buyers have not the proper means for starting them. It will be found in every way better to pay a little more for a plant already grown and ready to flower.

Strong plants of single flowered sorts, 10 cents each.

Strong Plants of double flowered sorts, 25 cents each.

BIGNONIA GRANDIFLORA 10 cents to 30 cents each

This form of Trumpet Creeper is one of our very best hardy climbing plants. It is very much superior to the well-known B. Radicans which is rather unsatisfactory for this latitude on account of its killing to the ground in cold winters. This sort, however, proves entirely hardy. The flowers are also much larger and of a richer orange colour, and the foliage is very glossy and abundant. Blooms from July to October.

BOX GOLDEN LEAVED 25 cents each

We have a small stock of very nice bushy-topped plants of the Golden Box grown in pots. These may be trimmed to any handsome shape desired.

BOUGAINVILLEA SANDERIANA 25 cents each

A beautiful plant notwithstanding its dreadful name. The showy part consists of bracts surrounding the flowers proper which are insignificant, but the bracts are of a bright, clear pink colour and are freely produced for a long season. They should be kept pretty warm.

BRUGMANSIA ARBOREA 15 to 25 cents

The double flowered Angel's Trumpet. Flowers a foot long and sweetly scented. Needs abundance of water.

CALADIUM ESCULENTUM 25 cents each

Immense shield shaped leaves. Should be liberally supplied with water. We offer strongly started plants.

CALADIUM NEW CENTURY 30 cents each

This might be called the great American wonder. We give the introducer's description of it. It doesn't seem as if anything more could be added to it. He says it is the "greatest novelty out, new species, grandest of all foliage plants, produces beautiful flowers like a giant calla, exceedingly fragrant, blooms the year round, good for out doors as in the house, a magnificent decorative plant."

CALCEOLARIAS SHRUBBY 10 to 25 cents

Although Calceolarius are not very successful in our climate as bedding plants, they are very ornamental grown in pots in a shaded position. The so-called shrubby sorts with small bloom are more hardy and satisfactory than the large herbaceous kind.

CALLAS 20 cents each

Of the large flowering Calla we offer fine strong blooming plants. We can supply smaller plants at 5 cents and 10 cents each.

CALLA LITTLE GEM 15 cents each

This is the true dwarf sort never growing more than a few inches high, but is quite sturdy and free blooming.

CALLA SPOTTED LEAVED 10 to 20 cents

Leaves handsomely marked with white dots. Not so good a bloomer as the other sorts.

CANARY CREEPERS 5 cents each

Bright yellow. One of our quickest growing and best climbers.

CANNAS 15 cents each \$1 50 per dozen

Cannas have now become one of the most indispensable of bedding plants. The varieties listed here comprise almost all the best tried kinds up to date and embrace all the shades of colour known in Cannas. Our plants are strong well grown plants in 4 inch pots, and must not be compared with dry roots which are often sold but very seldom give any satisfaction to the buyer unless he has special means of starting them into growth. In addition to the sorts here listed we can supply many other varieties in small quantities. We have made a specialty of these plants and hold the largest stock in the Dominion.

Africa, deep bronzy leaves, reddish flower, large.

Alemania, scarlet, with deep yellow border; best of the giant sorts.

Alphonse Bouvier, richest crimson.

America, foliage bronze and green, large red bloom.

Austria, large, clear yellow.

Black Beauty, grand glossy foliage, bloom insignificant.

Charles Henderson, deep red, rather dwarf grower.

Chicago, orange red.

Duke of Marlborough, deepest crimson, darkest variety grown.

Florence Vaughan, yellow spotted red; very fine.

Flamingo, rich deep crimson.

Gigantea, dark foliage; immense growth; small flower.

Italia, orange red, bordered yellow.

Leonard Vaughan, bronze foliage, bronze red flower.

Madam Crozy, red edged yellow, very fine.

M'dlle Berat, fine pink, best of its colour.

Paul Lorenz, dwarf, dark foliage, richest crimson bloom.

Mrs. Geo. A. Strohlen, dark foliage, flowers purplish red, very distinct.

Mrs Kate Gray, extra large orange scarlet. Probably the showiest of all Cannas.

Pennsylvania, very similar to above.

Queen Charlotte, red, broadly edged with yellow.

Rubin, bronze foliage, deep bloom.

Rainbow, leaves variegated white, pink and orange. For foliage only.

Souvenir de Antoine Crozy, orange scarlet, edged bright yellow.

Souvenir de Paul Carnot, red, dark foliage.

William Boffinger, large red flower.

CAREX JAPONICA VAR 10 cents each

Ornamental Grass from Japan. Very bushy upright growth. Leaves dark green edged with creamy white. Very nice as a pot plant for the table, and also does well outside.

CAMPANULAS 10 cents each

Old fashioned garden plants which are now coming into favour again.

CAMPANULA MOORHEINII 15 cents

A variety of C. Persicifolia with very large and semi-double pure white flowers. It also has the habit of remaining much longer in bloom than the older sorts. Should be in every garden.

CARNATIONS 10 cents each \$1⁰⁰ per dozen

Fine young plants for bedding out which will begin to bloom in July or sooner, and continue until frost. If wanted specially for winter blooming they should not be allowed to flower in summer, but should be topped off till about the middle of August. About the middle of September they should be lifted and potted, and with a sunny exposure will continue blooming all winter. The following are the very choicest kinds :—

- | | |
|--|---|
| <ul style="list-style-type: none"> 4 Alba, fine white. 27 Emily Pierson, scarlet, fine for spring and summer. 2 Enchantress, light pink, very large and fine. 9 Flora Hill, white. 29 Francis Joost, bright pink. 16 General Gomez, bright crimson. 18 General Maceo, rich crimson, good. 30 G. H. Crane, fine scarlet. 34 Glacier, large and fine white. | <ul style="list-style-type: none"> 35 Governor Roosevelt, best crimson. 11 J. H. Manley, light scarlet, free bloomer 31 Leslie Paul, dark pink, good. 37 Lilian Pond, fine white. 1 Mrs. T. W. Lawson, cerise pink, large and fine. 6 Portia, scarlet, fine summer bloomer. 36 Prosperity, large blush white shaded pink 8 The Marquis, clear pink, large. 24 Triumph, rich pink large and fine. 26 Winter Cheer, bright scarlet. |
|--|---|

CERASTIUM TOMENTOSUM 5 cents each

Very neat plant for edging rockeries or beds. Downy white foliage and white flowers ; quite hardy.

CHRYSANTHEMUMS 10 cents each

The following is one of the most complete lists of really good Chrysanthemums offered by any firm. We have not included any sorts as curiosities because we are personally interested in them, but all are of real intrinsic merit.

- | | |
|--|---|
| <ul style="list-style-type: none"> Ada Spaulding, globular pink and white. Black Hawk, finest crimson. Charles Davis, yellow and bronze. Clinton Chalfant, deep yellow, early. Crowing Glory, sulphur yellow, very hairy. Colonel Appleton, very fine yellow. Cullingfordii, rich crimson. Day Dawn, large early white. Dorothy Devens, pure white, late. Eda Prass, salmon, turning to white. Elsie, canary, reflexed, very fine Etoile de Lyon, large lilac rose turning lighter. Geo. S. Kelb, fine early white. Glory of Autumn, fine bronzy pink. Glory of the Pacific, very dwarf early pink. Golden Trophy, fine early yellow. Golden Wedding, by all odds the best yellow Gold Mine, clear rich yellow. H. L. Sunderbruck, rich yellow, large. Iora, pink, large twisted petals. Ivory, fine clear white. J. G. IIs, large globular white. J. H. Troy, fine early incurved white. John Shrimpton, deep crimson. King of Ostrich Plumes, yellow and orange fringed. Klondyke, rich golden yellow. Lady Fitzwygram, pure white, very early. L. Boehmer, purplish pink, hairy very long thread-like petals. Maria Liger, very large and fine pink. Mayflower, large white. Maud Dean, fine clear pink. | <ul style="list-style-type: none"> Marion Henderson, early bright yellow. Madam Gastellier, white, extra early. Madam Pasquier, light yellow, extra early. Malcolm Lamond, crimson. Merry Christmas, one of the very earliest whites. Merry Monarch, large white, very early. Modesto, fine yellow, very rich colour. Mrs. H. Weeks, very fine shaped white. Mrs. E. G. Hill, very large early pink. Mrs. Humphries, very fine late white. Mrs. Perrin, rich clear pink. Mrs. H. Robinson, extra fine early white. Mrs. O. P. Fassett, yellow sport from above Mutual Friend, pure white. Mrs. W. B. Chamberlain, very fine clear pink. Nellie Pockett, fine white. Niveus, clearest and finest white, extra good for all purposes Pennsylvania, yellow, large. Peter Ray, rich yellow. Philadelphia, white, tipped yellow. Pink Ivory, light pink, early Polly Rose, white sport of Glory of Pacific. President Hyde, earliest yellow. Solar Queen, clear golden yellow. The Barrington, purplish crimson, very distinct. Timothy Eaton, fine large pure white. The Queen, blush white, very large and fine, extra good. V. Morel, large, clear pink. Western King, very large clear white. |
|--|---|

W. H. Lincoln, extra large and double yellow.	William Falconer, flesh pink, hairy.
White Bonafon, fine lake white.	Xmas Gift, very late, bronzy yellow, incurved
	Yellow Eaton, yellow sport from T. Eaton.
	Yellow Fellow, rich yellow, large and fine.

Pompone Varieties 10 cents each

These are small and very double flowers, averaging from one to two inches in diameter. They are much more hardy than the large flowering sorts, and if planted out will make a good display in the garden in September and October. The roots will remain over winter in the ground, if covered with a few inches of litter. We offer twenty-five sorts of these embracing all colours, and of all sizes from half an inch up to three inches in diameter.

CHRYSANTHEMUM INDORUM PL 10 cents each

Hardy species with finely cut foliage and pure white double flowers one or two inches in diameter. Flowering from June till frost.

SHASTA DAISIES Chrysanthemum Uliginosum 10 cents each

Tall growing Daisy giving immense quantities of flowers in September and October Perfectly hardy.

CENTRANTHUS 10 cents each

Sometimes called the Red Valerian. Hardy plants with clusters of small flowers lasting a long time in bloom and very useful for cutting. We offer fine clumps of two sorts, red and white.

CLEMATIS

The many varieties of Clematis are our most popular climbers. The large flowered sorts are the better known, but the smaller flowered species are in general more rapid growers and are very useful for cutting sprays, etc. We have a number of sorts, of which we name the following as the most distinct and best :—

Large Flowering Sorts 50 cents each

Duchess of Edinburgh, fine double white	Madam Baron Veillard, mauve pink
Henryi, large, pure white, single.	Mdam Koster, pinkish purple.
Hybrida Fulgens, rich deep purple.	Modesto, clear light purple.
Jackmani, best known sort, dark purple.	Mrs. Colmandely, blue
Jackmani Alba, pale lavender turning white.	Sieboldii, light purple.

Smaller Flowering Sorts

Coccinea, scarlet and yellow, delicate foliage.	Flammula, white.
Crispi, purple bell.	Virginiana, white, native sort.
	Viticella, purple, one of the best.

CLEMATIS PANICULATA 25 cents each

This has now been thoroughly tested and we have no hesitation in saying that it is the most valuable hardy climber in existence to-day. It possesses all the good qualities of vigor of growth, hardiness, freedom of bloom, fragrance, handsome foliage, utility for cutting, bloom and exemption from all kinds of insects. Everyone should plant this vine freely.

CLEMATIS SHRUBBY 25 cents each

These are not much known, but are well worthy a place in the garden. They die to the ground in winter and throw up woody stems in the spring to the height of three or four feet, and bloom from June till frost.

Davidiana, tubular flowers lavender blue, very fragrant | Stans, white, early bloomer.

CLIVIA MINIATUM \$1 00 each

Somewhat resembling the Amaryllus but of an evergreen nature, producing throughout the season large clusters of bloom ranging in colour from cream-colour to deep orange.

COREA SCANDENS 10 cents each

For a quickgrowing summer climber nothing as yet equals the Cobea. They should be planted early and in good soil to get the best results.

CORDYLINES 10 cents to 50 cents each

These are often erroneously called Dracaenas. Beautiful and graceful plants with long leathery leaves of green and bronze. They make very ornamental house plants, and for centres of vases etc. nothing equals them.

- C. Australis, rather broad bright green lerves. | C. Indivisa, the best known sort.
C. Indivisa Veitchii, rather more bronzy.

COREOPSIS LANCEOLATA 10 cents each

A new hardy species of Coreopsis, blooming all summer.

CORONILLA GLAUCA 10 to 25 cents each

Yellow very sweet-scented pea-shaped flowers. Graceful foliage. Fine winter bloomer.

CUPHEA or CIGAR PLANT 5 to 10 cents each

Well known dwarf, free bloomer, either for beds or pots.

CYCLAMEN PERSICUM GIGANTEUM 10 cents each

Beautiful winter-blooming plants with handsome foliage.

CYPERUS ALTERNIFOLIUS 10 cents each

A handsome sedge with branching palm-like leaves. Good for vases etc. Should be kept very wet.

COLEUS 5 to 10 cents each

The following are the best sorts of Coleus for bedding purposes, being solid colours when exposed to the sun, and of vigorous growth. Besides these we have a very large assortment of Fancy Coleus, many of them quite new, and embracing all the shades of colours usually found in Coleus.

Beckwith's Gem, crimson tipped, shot with yellow, fine bedder.

Crimson Gem, deep red,

Fire Crest, deep crimson.

Hero, dark maroon.

John Goode, yellowish green.

Mrs. Sander, rich green, light centre, and sharply marked with bright crimson; very crimson
Marvellous, somewhat similar to above but even brighter.

CYDONIA JAPONICA 25 cents each

Sometimes called Pyrus Japonica, or Japan Quince. Hardy shrub with brilliant scarlet flowers.

DAHLIAS 10 cents each

These delight in rich deep soil, with lots of water, especially when blooming. A mulch of manure is also a great advantage to them. They should be secured to stakes as they grow, and if too bushy some of the growth should be cut out. To keep pace with the growing taste for these grand flowers we have added to our collection a great many choice varieties, many of them quite new. The assortment of show and fancy varieties is now one of the very best in America. We also offer a small but select list of Cactus and Pompon sorts for those who like these kinds.

LARGE FLOWERED

A. D. Livoni, clear pink.

Beauty, fine clear white.

Black Diamond, very dark.

Bicolour, yellow, splashed purple.

Bob Ridley, deep scarlet.

Bird of Passage, white tipped lavender.

Butterfly, yellow striped red and crimson.

Cameliaeflora, dwarf, clear white.

Chameleon, changeable yellow, white and buff

Client, bright crimson.

Countess, fine yellow.

Countess of Ravensworth, white tipped, lavender, very large.

Donald Beaton, dark velvety maroon.

Don Pedro, scarlet and white.

Dragon, rich yellow, bordered crimson.

Doctor Bozes, deep red.

Eccentric, large red and yellow.

Eureka, deep rose colour.

Emperor, crimson, tipped with white,

Empress, large crimson purple.

Germania Nova, pink, distinct shape.

Gloire de Lyon, very large white.
 Grand Duke Alexis, large ivory white, and
 sometimes tinted pink.
 Hercules, deep scarlet lightly pencilled with
 yellow.
 John Keynes, fine light yellow.
 Jessie McIntosh, red, tipped white.
 Jezebel, crimson, tipped white.
 John Walker, fine white.
 Laura Haslam, creamy white.
 Lucy Fawcett, straw coloured, streaked red.
 Madge Wildfire, bright scarlet; very fine.
 Maggie Saul, rose and white; very fine.
 Mauve Queen, large and free blooming,
 pinkish purple.
 Miss Cannell, white, tipped pink.
 Miss May Lomas, very light lavender.
 Modesty, blush pink, large.
 Mrs. Browning, yellow, tipped white.
 Mrs. Dexter, delicate clear pink.
 Mrs. Gladstone, beautiful clear blush rose.
 Mrs. Stancombe, yellow and white streaked
 red.
 Mrs. Thatcher, rich yellow; the best.

Mount Blanc, extra large white.
 Paradise Williams, clear rosy pink.
 Pink Dandy, pink sport from above.
 Paul's Scarlet, fine bright colour.
 Peacock, purplish crimson, tipped white.
 Pioneer, very dark crimson.
 Pluton, extra fine yellow, free bloomer.
 Perfect Valon, rich crimson.
 Prospero, crimson, tipped white.
 Psyche, yellow, shaded pink.
 Red Hussar, pure scarlet.
 R. T. Rawlings, very fine yellow.
 S.B. Pennybacker, white tinted pink and red.
 Sir James Watt, crimson scarlet.
 Snow, white.
 Snowball, dwarf white, large flower.
 Storm King, pure white.
 S. Sichman, yellow speckled red and crimson
 White Bedder, white.
 White Dove, white.
 W. H. Williams, bright scarlet.
 White Gem, white.
 Yellow Queen, fine yellow.
 Yellow Seedling, yellow, very free.

Pompons

Exquisite, orange yellow.
 Golden Gem, yellow.
 Guiding Star, (White Aster), white.

Little Prince, red and white.
 Nemesis, maroon, tipped white.
 Scarlet Gem, bright scarlet.

CACTUS DAHLIAS

Ægir, deep scarlet, twisted tubular petals.
 Austin Cannell, reddish pink, long petals.
 Capstan, soft brick red, very free.
 Charles Woodbridge, light crimson, shaded
 purple.
 Clifford W. Burton, very large yellow.
 Columbia, salmon and yellow.
 Countess of Lonsdale, rich salmon pink.
 Extremely free blooming and all-round
 beauty.
 Earl of Pembroke, rich plum-colour; very
 fine.
 Empress of India, blush white tinted purple.
 Exquisite, orange scarlet.
 F. Bartels, bright scarlet.
 Fern Leaf Beauty, small flower, petals
 bright scarlet edged white.
 Gilt Edge, very similar, except that yellow
 takes the place of scarlet.
 George Marlowe, yellowish bronze
 Gloriosa, crimson scarlet.

Henry Patrick, large loose white.
 Hohenzollern, rich orange red.
 Hunold, light scarlet, quilled.
 Keyne's White, clear white, narrow petals.
 Kriemhilde, delicate pink, lighter centre.
 Lady Penzance, pure yellow.
 Lorely, soft light pink.
 Maid of Kent, rich crimson scarlet tipped
 with pure white.
 Miss Webster, fine blush white.
 Mrs. A. Beck, rich salmon red.
 Nymphæ, clear pink.
 Oban, lavender.
 Primrose Dame, clear and pure yellow, fine.
 Progenitor, rich crimson, curious shape.
 Ranji, deepest maroon.
 Siegfried, the finest white.
 Standard Bearer, fiery scarlet.
 Strahlen Krone, intense cardinal red.
 William Agnew, rich deep red.
 Zulu, velvety maroon, almost black.

SINGLE DAHLIA "TWENTIETH CENTURY" 10 cents

Very free bloomer and grand for cutting. In the early season the petals are rich crimson, with lighter centre and tips, but as the cooler weather approaches the colour gradually becomes lighter until the flowers are almost white.

DAISIES 5 cents each

Strong clumps from cold frames. A fine variety of colours.

DELPHINIUMS 20 cents each

We have for this season a fine stock of these in strong clumps to bloom this season, in all shades of blue, purplish scarlet, ect. A few roots of these ought to be in every garden.

ECHEVERIAS 10 cents each

Fine succulent plants for ribbon planting etc.

EUONYMUS

- E. Japonica Var. Glossy green leaves with large blotch of bright yellow in the centre. A fine pot plant, and almost hardy; 10 cents each.
- E. Radicans Var. Quite different from above, being a low growing and almost trailing plant. Smaller foliage with broad white edge. This appears to be quite hardy here and makes a very fine plant for permanent borders. It may be clipped to keep it of any desired size or shape. We offer fine plants in 5 inch pots at 25 cents. Small size 5c each.

FERNS 15 to 25 cents each

Ferns are constantly coming more into use as house plants, and the following are amongst the hardiest and most useful for the purpose.

- Adiantum Pubescens, strong growing maiden hair.
- Aspidium Tsussimense, very dwarf dark green.
- Cyrtomium Falcatum, glossy leaved Holly Fern.
- Nephrolepis Bostoniensis, Boston fern, or Fountain Fern.
- Nephrolepis Cordata Compacta, very com-

part growth.

- Onychium Japonicum, finely cut dark green.
- Polypodium Aureum, large leaves.
- Polystichum Setosum, very fine.
- Pteris Argyreia, Silver Fern.
- Pteris Adiantoides.
- Pteris Cretica Alba Sineata, light markings.
- Pteris Tremula, fine strong grower.
- Pteris Wimsetti, crested, one of the very best

NEW FERN "Nephrolepis Piersoni" 30 cents.

Or, Ostrich Plume Fern. Somewhat on the line of the Boston Fern but with each leaflet again sub-divided which gives it a graceful and feathery appearance.

BOSTON FERNS Large Plants in 12 inch Bowls \$1 00 each

We offer for this spring a lot of these in large sizes. They are grown in handsome shaped Bowls for setting on tables and are of a size to be very effective.

FEVERFEW 5 to 10 cents each

The double white Feverfew is almost indispensable for cut flowers during the summer.

FORGET-ME-NOTS 5 cents each

Nice clumps of the following kinds;—

- Dissitiflora, of spreading growth, large blue flowers.
- Obelisk, compact upright growth. We have these in blue, pink and white sorts.

FUCHSIAS 10 to 25 cents each

We offer a large assortment of Fuchsias, of which we name the following as being the best and most distinct:—

- Arabella, white sepals, pink contra.
- Avalanche, the best dark double Fuchsia, fine foliage.
- Black Prince, bright pink, carmine shaded centre, splendid.
- Contrast, red sepals, double blue corolla.
- Doris, red sepals, purple centre.
- Elm City, fine old dark double sort.
- Frau Emma Topfer (Stern King) red sepals, corolla large, white veined.
- Garibaldi, red with bluish purple corolla, double.

- General Roberts, red sepals, plum corolla 4 inches long, very fine.
- Gloire de Marche, fine double white.
- Jupiter, large double purple.
- Lady Heytsbury Improved, white, rosy purple centre, good.
- Lustre Improved, white with reddish pink corolla.
- Molesworth, best double white.
- Mad. Bruant, red sepals, centre lilac, double.
- Mrs. E. G. Hill, red, with double white corolla.

Procumbens Variegata, a creeping sort with round foliage edged with white, flowers small, yellow.

Rose of Castile, white, violet centre, free bloomer.

Rose of Castile Improved, somewhat similar to above in colour, but immensely larger

and finer. The king of Fuchsias.

Speciosa, flesh coloured sepals, red corolla, a good old sort.

Venus Victrix Improved, white, deep purple centre.

Victor Hugo, red, with double purple centre

Wave of Life, golden foliage, dark flower.

FOXGLOVES 10 cents each

Of these fine old garden favourites we offer strong out-door clumps that will bloom freely this season.

FUNKIA VARIEGATA 15 cents each

A variety of the hardy Day Lily which is chiefly valuable for the beauty of its leaves, which appear in dense masses in the spring, and may be described as of a silvery white with a narrow edge of bright green. It is very ornamental for bordering, or as a clump in the garden. Later in the season the lily-like flowers appear in profusion of a palish purple or lilac colour.

FUNKIA GRANDIFLORA 15 cents each

Large white flowers freely produced late in summer. Plant is quite hardy.

GAILLARDIA GRANDIFLORA 10 cents each

Hardy perennials of easy cultivation and giving a great amount of bloom from June till frost. Flower about two inches in diameter, of deep orange yellow with black band near the centre.

GAZANIA SPLENDENS 5 cents each

A low growing and spreading plant, with large orange flowers having a black band around midway of the flower. Fine for hanging baskets or for beds in a sunny situation.

GERANIUMS 10 cents each

The following are the best Geraniums for bedding purposes up to date. We can also supply a great many other varieties in small quantities.

SINGLE

- 4 Athlete, bright red, strong grower and free bloomer.
- 101 Ben Schroeder, pink, white eye.
- 1 Camille Bernardin, blush white, tinted rose and salmon, fine.
- 52 Charles Nab, rosy pink, white centre.
- 51 Columbia, reddish salmon, white centre
- 53 Cymbale, dark crimson,
- 54 Dr. Carpart, purplish magenta.
- 125 Edmond Rostand, magenta.
- 102 Fleur Poitevine, rosy pink shaded white
- 103 Jean Rameau, deep pink, light centre.
- 124 Jacquerie, rich crimson, best of its color
- 86 Lady Reed, white, salmon centre, best of its colour.
- 20 L'Aube, pure white.

- 26 Madam Bruant, white tinted and veined with pink.
- 24 Madam Chas. Molin, light salmon pink.
- 105 Madam du Luc, fine single pink.
- 107 Mad. Gerard, light red with light centre
- 71 Mdle Desnoliers, large blush white.
- 57 Mdle Chaingeau, clear rosy pink.
- 18 Mrs. A. Blanc, clear salmon.
- 2 Mrs. E. G. Hill, very large salmon.
- 25 Mrs. J. M. Gaar, white.
- 39 New Life, bright scarlet, striped white.
- 58 Precinseur, large white.
- 8 Sam Sloan, by all odds the best scarlet bedder.
- 110 Theodore Theulier, dark scarlet.
- 196 Wm. Jacoby, large dark crimson.

DOUBLE

- 72 A. H. Trego, bright scarlet.
- 111 Alfred Tennyson, orange scarlet.
- 56 Alphonse Ricard, light scarlet, large
- 23 Adrienne Corret, bright rosy red, very large trusses.
- 28 Bastian Lepage, orange salmon.
- 113 Beaute Poitevine, clear salmon, nothing better.

- 66 Bruant, (known also as Heteranthe and Dbl. Gen. Grant), light scarlet; the best of all scarlet bedding Geraniums.
- 112 Camille Corret, fresh pink, light centre.
- 73 Captain Flayelle, light crimson.
- 126 Captain Dreyfus, bright scarlet.
- 59 Carillon, deep rosy red.
- 10 Charles Morel, light scarlet.

- | | |
|---|--|
| 44 Comtesse de Harcourt, very fine white. | 63 Le Barde, pink and lilac. |
| 114 Dr. Despres, dark magenta. | 76 Madam Barney, clear deep pink. |
| 74 Emanuel Arene, white bordered rosy red. | 45 Madam Jaulin, white, salmon centre. |
| 99 Emile Girardin, bright pink, still unequalled for bedding. | 16 Marie Fournier, deep pink, white centre |
| 60 Fleur de Rose, clear pink, large. | 129 Marquis de Castellaine, large light red. |
| 36 Francis Magnard, deep crimson. | 161 M. Machet, very bright scarlet. |
| 70 Gloire de France, salmon, white edge, fine. | 64 Madam d'Alq, salmon, light centre. |
| 61 General Millet, brightest scarlet. | 65 Madam Rovira, white, shaded salmon, |
| 75 Hubert Charron, light centre, edged pink and red. | 68 M. L. Breton, bright scarlet. |
| 115 John Doyle, rich scarlet. | 77 M. P. Blandeau, deep pink. |
| 5 J. J. Harrison, light scarlet, very large flower and truss. | 121 Mrs. F. Perkins, bright pink. |
| 117 Jean Viaud, fine simi-double pink. | 66 Paul Courty, orange red. |
| 128 La Colosse, rich bright scarlet, | 19 Picotee, white, edged with pink. |
| 62 La Condole, bright pink. | 21 Philip La Brie, purplish pink. |
| 14 La Soliel, bright scarlet. | 78 Robert Charlie, mauve or lavender. |
| 15 La Favourite, very fine white. | 13 S. A. Nutt, rich crimson, extra good. |
| | 109 Surprise, reddish salmon, lighter centre |
| | 5 Theocrite, blush white, extra large trusses. |
| | 55 Triomphe de Nancy, pink, white centre |

DOUBLE FLOWERED IVY GERANIUM 5 to 25 cents each

From amongst a large collection we name the following as being very distinct and choice sorts. All are very handsome, and the colours are the most beautiful of all Geraniums.

- | | |
|---|---|
| 2 Achievement, rose, lighter centre. | 3 Madam Thibaut, rosy scarlet. |
| 1 Beauty of Castlehill, rich soft rosy red, very large. | 48 Raphael, salmon rose. |
| 20 Bride, fine white. | 31 Robert Owen, very large rosy red. |
| 23 Centenaire, large purplish crimson. | 49 Roi de Wurtenburg, scarlet |
| 18 Jeanne d'Arc, white, shaded blush. | 24 Rycroft Surprise, clear rose. |
| 25 Jeanne Gillet, bright purple. | 32 Souvenir de Charles Turner, deep reddish rose. |
| 4 Leopard, purplish rose with darker spots | 51 Theodore, purplish red. |

SCENTED GERANIUMS 10 cents each

A fine stock of rose, lemon and nutmeg scented, and also the scarlet flowered sort William Taylor.

VARIEGATED GERANIUMS 10 cents each

- | | |
|--|---|
| Madam Salleroi (Silver Edge), by all odds the most valuable Silver Geranium ever introduced. Very dwarf compact grower, and hardy enough to thrive everywhere. | Marshal McMahon, probably the best of all the bronze varieties. |
| | Silver Nutt, double, crimson. |
| | William Langguth, double, pink. |

GEUM COCCINEUM FL. PL.:

A hardy plant with double red flowers. Very showy.

GORSE DOUBLE FLOWERED 25 cents

A double flowered variety of the common English Gorse or Furze. Flowers bright yellow, and remain a long time in bloom.

GLADIOLUS 5 cents each 50 cents dozen \$3 00 per 100

We offer a choice mixture of the best sorts in large bulbs with a great proportion of the lighter shades.

GREVILLEA ROBUSTA 10 to 25 cents

Beautiful Fern-like foliage. Splendid table and stand plants.

GYPHOPHILA PANICULATA COMPACTA 10 cents each

Fine hardy plants, white feathery flowers, very useful for bouquets.

GLOXINIAS 15 cents each

These make very handsome plants for pots in summer. We offer strong growing plants of the Crassifolia type with large erect flowers, in all colours.

HAROTHAMNUS 10 to 25 cents each

Somewhat Shrubby plants, bearing a profusion of trumpet-shaped flowers in large clustres all winter. Deep crimson. One of the best winter-blooming plants grown.

HELIANTHUS MULTIFLORUS PLENUS 10 cents

A hardy Perennial Sunflower. Flowers resembling double yellow Dahlias, but more free flowering than any Dahlia. Should be in every garden.

HELIOTROPES 5 to 25 cents each

These are univetsal favourites. Many have the mistaken idea that these do not do well planted ont. On the contrary they will in most cases do just as well as Verbenas, or other bedding plants. I offer six of the best kinds, ranging through the different shades from white to purple.

HEMEROCALLUS 15 cents each

The Day Lilies are very satisfactory plants, as they continue a long time in bloom, and are perfectly hardy under all circumstances.

H. Dumortieri, dwarf, orange yellow. | H. Flavum, or Lemon Lily, bright yellow, sweet-scented. | H. Kwamso, fl. pl., double, orange. | H. Middendorffiana, low-growing yellow.

HEPATICAS

Hardy spring flowering plants amongst the very first to show bloom.

H. Triloba, single flowers ranging from white through shades of pink and blue, 10 cents.
H. Rubra fl. pl., double pink, rare, 25 cents each.
H. Cerulea, fl. pl., double blue, 50 cents each.

HEUCHERA SANGUINEA 15 cents each

A very compact growing and hardy plant as yet but little known. It blooms in midsummer throwing up great branches of spikes. The flowers somewhat resemble a Rusellia, and are of a brilliant coral red.

HIBISCUS SINENSIS 15 to 25 cents each

If properly treated no class of plants will give a more generous return than these. The principal requirements are plenty of heat, plenty of manure in the soil, and lots of water. Under proper conditions they are in bloom every day of the year, and nothing can exceed the richness of their immense flowers, six or seven inches in diameter, backed by their handsome glossy foliage. We have a full assortment, of which the following are the best :—

- | | |
|---|--|
| 5 Aurantiaca, double orange. | 12 Carminatus Perfectus, red, tinted pink, single, very large. |
| 2 Dennisonii (white wings), single, bluish white. | 15 Puniceus, deep red, smaller in flower and growth. |
| 14 Miniatus Semi-plenus, double, rich crimson | 6 Sub Violaceus, Extra fine double, rosy red. |
| 1 Peach-blow, bluish and salmon. | |

HIBISCUS CRIMSON EYE 10 cents each

Quite distinct from above, being a hardy herbaceous plant, throwing up strong stems during the summer and bearing an abundance of large, white saucer shaped flowers with a crimson centre.

HOLLYHOCKS 10 cents each

We have great pleasure in offering a fine stock of the best double Hollyhocks, in all shades, from pure white to deepest crimson.

HONEYSUCKLES 10 to 25 cents each

The following are the best varieties of the Climbing Honeysuckle. All are the better for some protection for two or three months until they get well established.

Belgian, or monthly, flowers yellow and pink.	sweet scented.
Chinese Evergreen, small white flowers,	Scarlet Trumpet, Large clusters bright orange

HYDRANGEA HORTENSIS

Nothing more popular as pot or tub plants. The two best kinds are :—Otaksa, rich pink, large flower and truss. | Thomas Hogg, pure white, very free bloomer.

We offer these in all sizes at from 5 cents up to \$2 00 each.

HYDRANGEA PANICULATA GRANDIFLORA 25 to 50 cents each

This is the hardy shrubby sort now so popular. They require to be cut back pretty closely each spring in order to produce good blooms. Should it be desired to have them flower later in the season than usual the young shoots may be again nipped back after they have made a few inches of growth.

IRIS FLORENTINA 10 cents each

One of the earliest of the Iris family to bloom. Large Flowers of a rich creamy white, sometimes shaded violet.

IRIS GERMANICA 15 cents each

The German Iris are fine hardy plants which will do well and increase in almost any situation. We offer nice young plants from a choice collection of 25 kinds.

IRIS KEMPFERI 10 cents each

These are the showiest of all the Iris and as they are quite hardy and will grow and bloom in almost any situation they should be grown extensively. Many of the flowers of these will measure eight and ten inches across and are borne on fine long stems. The following are all very choice sorts.

Beth Hallock, very large delicate lavender, shaded white.	Mrs T. C. Saxton, pure white.
Gold Bound, pure white, touched with gold in the centre.	Orion, white bordered with reddish lilac.
Mahogany, deep mahogany red, very large.	Pyramid, bluish violet.
	Red Riding Hood, purplish red, white centre
	Robert Craig, bluish white, shaded violet.

NEW IRIS KEMPFERI 25 cents each

We offer a collection of 25 sorts from Japan, with their Japanese names. They embrace all colours and sizes of flower, and no doubt most of them will be valuable, as the Japanese have paid great attention to the improvement of these plants.

IVY ENGLISH 10 cents each

We offer four varieties of the English Ivy, including both green and variegated sorts.

JUSTICIA VELUTINA 10 cents each

Large heads of bright pink flowers. Very easily grown and of great beauty.

LAURESTINUS 10 to 25 cents each

Evergreen shrub with flat heads of white flowers. Good for forcing, or with protection may be left outside.

LANTANA TRAILING 10 cents each

A drooping or trailing variety flowering very freely. Colour mauve or lilac.

LATHYRUS LATIFOLIUS ALBUS 25 cents

The white Everlasting Pea. On account of the difficulty of transplanting these they have never become as popular as they would have been otherwise. We have a small stock of these grown in pots which can be planted safely at any time.

LAVENDER 10 cents each

Nice young plants in pots.

LILACS 10 to 50 cents each

We offer several varieties of lilacs mostly in the smaller sizes. Larger trees or bushes will be procured for customers if ordered in season.

LEMON PONDEROSA or AMERICAN WONDER 15c to 30c

A Lemon with large glossy leaves and bearing fruit of an immense size. Easily grown and cared for.

LEMON VERBENA 10 cents each

An old favorite. We offer fine strong plants, good for either pots or bedding out.

LILY OF THE VALLEY 10 cents each

Strong open-ground roots.

LILIUM LONGIFLORUM and HARRISII 30 to 50 cents each

The two best forms of Easter Lilies.

LILIUM CANDIDUM 10 cents each

The old-fashioned white garden lily. These should properly be planted in September, but for the convenience of those who cannot procure them at the proper time we offer strong roots carefully lifted at any time that they are not too far advanced.

LILIES JAPANESE 25 cents

We offer these grown in pots so that buyers will be sure of their blooming the first season. These are all hardy but are better for a slight protection in winter.

Auratum, the large Golden Banded lily.	Speciosum Album, white dotted crimson.
Speciosum Roseum, pink dotted crimson.	Speciosum Rubrum, Red dotted crimson.

LINARIA CYMBALLARIA 5 cents each

Kenilworth Ivy. Very graceful trailer for baskets, etc.

LINUM TRIGYNUM 10 to 20 cents

Large bright yellow flowers. One of the showiest of winter blooming plants. Should be planted out during the summer.

LOBELIA SPECIOSA 5 cents each

Brightest blue for baskets, ribbon gardening, etc.

LOBELIA CARDINALIS Queen Victoria 10 cents

A hardy species growing three feet high, and bearing numerous spikes of the richest crimson scarlet flowers.

LOPHOSPERMUM SCANDENS 5 to 10 cents

Rapid growing climber, with large trumpet-shaped pink flowers.

LYCHNIS 10 cents each

Hardy plants of great value for cutting purposes as they bloom for a long time, and are very suitable for bouquets, etc.

L. Semperflorens, small double pink flower, very profuse.	L. Vespertina, fl. pl., double white. L. Viscaris, double red.
--	---

LYCIUM BARBARUM 10 cents each

This can be recommended for places where no other vine will grow, as no amount of hard usage seems able to kill it. It is not advisable to plant it with other plants or shrubs as it has a great tendency to spread over everything in reach. Flowers purplish pink all summer.

LYCIUM CHINENSIS 20 cents each

Chinese Matrimony vine. Somewhat similar to above, but with the addition of quantities of bright red berries, which add greatly to the effect.

LYSIMACHIA NUMMULARIA AUREA 5 cents each

The Golden Moneyworth, or creeping Jenny.

MAMETTIA BICOLOR 15 cents each

Flowers tubular, bright red tipped yellow.

MADEIRA VINE 5 to 10 cents each

Wonderfully quick growing climber.

MAURANDIAS 5 cents each

Fine delicate climbing plants, very suitable for baskets, vases, etc.

MESEMBRYANTHEMUM CORDIFOLIUM VAR 5 cents

Leaves broadly edged white. Good for carpet bedding, and also fine basket plant.

MIGNONETTE 5 cents each

Strong plants in pots of the variety Machet, much the best sort.

MOUNTAIN FLEECE 25 cents each

A new plant now much sought after. It blooms rather late in the fall with a profusion of feathery white flowers. A fine plant for cemeteries.

MUSA ENSETE \$1 00

The Abyssinian Banana is one of the grandest foliage plants grown. We offer very large and strong plants.

MUSK 5 cents each

Harrison's Giant, large growth and flower.
Moschatus, the old sort.

William's Giant, larger both in foliage and flower.

NICOTIANA AFFINS 10 cents

Known as Evening Tobacco. Showy white flowers opening freely in the evening and night time. very sweet scented.

GENOTHERAS 10 cents each

The following varieties of Evening primroses are hardy perennials, and are very useful garden plants, blooming very freely for a long time.

Fraseri, very dwarf yellow.

Youngi, light gold yellow,

OTHONNA CRASSIFOLIA 5 cents each

Peculiar round fleshy leaves. Excellent basket plant.

OXALIS ORTOGESII 10 cents each

Shrubby variety of Oxalis with handsome orange foliage and smallish yellow flower. Makes a nice pot plant.

PALMS Fine Plants in 8 inch pots, 75 cents; 6 inch 50 cents.**Smaller sizes in proportion**

As the value of the different kinds of Palms for house decoration becomes more known, there is no doubt they will become more and more extensively used. They thrive with but little attention, and in dry hot rooms where other plants fail, they will succeed very well, especially if the leaves are sponged over occasionally to remove any dust that may settle on them. The sponging also improves the appearance, giving them a richer and more glossy look.

Chamærops Excelsis. This is the best of all Palms for general house purposes, being very hardy, and standing rough usage better than any others. It has the merit also of always growing in a symmetrical form.

Chamærops Humilis. Greyish leaves.

Corypha Australis. Light green, prickly stems, compact.

Kentia Belmoreana. Fine cut arching leaves, a favourite sort.

Kentia Fosteriana, of a more upright habit than above.

Latania Borbonica. Fan Palm. A general favourite.

Phoenix Tenuis. Feathery leaves deep green, fine sort.

Small quantities of other sorts.

PANSIES

These are the very choicest strains and contain all the richest and finest shades. We offer strong open ground clumps at 5 cents each, or 50 cents dozen, and smaller plants in boxes at 15 cents per box.

PAPAVER ORIENTALE 15 cents each

The Oriental Poppies are amongst our finest hardy plants, being quite able to take care of themselves, and throwing up in June, July and August large quantities of their enormous flowers, sometimes nearly a foot in diameter.

PAPAVER NUDICAULE 10 cents each

Iceland Poppies. Entirely distinct from above being of slender growth, with satin-like flowers of various delicate colours. Well worthy of being grown.

PASSIFLORAS 10 to 25 cents each

The Passion Flowers are extremely interesting as well as beautiful. If planted out in good soil they bloom quite freely during the summer and fall months.

PELARGONIUMS 15 to 25 cents each

These are the Royal George or Lady Washington Geranium of old times and which are now becoming as popular as ever again, and certainly nothing is more showy as a pot plant for summer. We offer a number of the choicest kinds embracing all shades of colour.

Alfred Henderson, deep pink marked maroon
Captain Raikes, Rich deep red, semi-double
Bridegroom, lavender pink, with larger blotches.

Emperor, very light pink spotted crimson.

Madam Thibaut, blush, spotted crimson, semi-double.

Mrs. Sandiford, white.

Victor, clear red spotted rich crimson, fine.

White Queen, white lightly feathered purple

PETUNIAS, Double 10 cents each

A fine assortment of the best sorts of all colours.

PETUNIAS Single 15c per box

Choicest seedlings well assorted.

PHLOX DRUMMONDII 15 c each

A fine selection of the choicest sorts.

PHLOX, Perennial 10 cents each

Perhaps nothing in the way of hardy plants gives more satisfaction than the Perennial Phlox.

They will do well in almost any soil or situation, the only thing to be observed is that they should be lifted and divided every two or three years, as old clumps are apt to degenerate. We offer about thirty fine varieties from which we name the following as being most distinct.

Auguste Revier, reddish salmon.
Bertha, crimson.
Blanc Nain, dwarf white.
Champs Elysee, rich purplish crimson.
Chanzy, rose, dark eye.
Charles Turner, magenta.
Coccinea, reddish pink.
Coquelicot, almost a scarlet.
Coquette, white, small pink eye.
Clouded Gem, mottled lilac and white.
Cross of Honour, white and pink striped.
Cyramus, pink, lighter centre.
Edger Quinet, fine deep red.
E. Levasseur, short-growing white.
Fantoine, lilac, light edge,
Grosseland, magenta.
Jourdain, purplish rose, large.

Jocelyn, salmon red.
Jeanne d'Arc, late white.
La Nuit, purplish crimson.
La Sylphide, rosy white, deeper centre.
L'Esclairmond, lilac, mottled white.
Madam de Vartismenil, white, rose centre.
Madam Saïsson, blush.
Mattie Stewart, white, rose eye.
Pearl, white.
Premier Muston, rose, dark eye
Richard Wallace, pure white, pink eye, very fine.
Ruy Blas, purple.
Sir E. Landseer, rich deep red.
Virgo Marie, white.
White Queen, late white.
White Dwarf, very dwarf white.

PHLOX DIVARCATATA 10 cents each

Entirely distinct from any other Phlox, being of a light blue shade. Flowers in June.

PHLOX AMÆNA 10 cents each

Being a compact growing variety and covered in May with quantities of pink star-like flowers

PHLOX SUBULATA 10 cents each

This is the so-called Moss Pink, or Mountain Pink. Low growing creeping plant suitable for rockeries or bordering. We offer two sorts the pink and the white.

HARDY GARDEN PINKS 10 cents each

These are quite hardy and produce in May and June great quantities of fragrant flowers, almost equal to Carnations,

Albion, large white.

Her Majesty, extra fine white.

Alice Lee, cream or blush white.

Howar, red, dark centre.

Souvenir de Sale, rich pink.

SUMMER PINKS 15 cents per box

We offer a choice mixture of the best double Chinese Diadem, Imperial, etc.

PILEA MUSCOSA 10 cents each

The Artillery Plant, well known.

PILOGYNE SUAVIS 10 cents each

Or Musk Vine. A rapid climber the leaves of which have a strong musky odor, while the flowers have a quite different scent

PAEONIES Good clumps 50 cents each \$5 00 per dozen
Roots as usually sold 3 to 5 eyes, 25 c ea \$2 50 dozen

Pæonies are amongst the hardiest of all plants, and will do well in any soil providing it is well enriched. A good plan is to place a barrow load of manure over each clump after it freezes up in the fall and allow it to remain. The young growth will come up through the manure in the spring, and it will act as a mulch and be of great benefit in dry weather. We have a very choice collection of nearly thirty kinds of these. For convenience they might be divided into three classes:—

- P. *Tenuifolia* fl. pl. Quite distinct from any others. The foliage is very fine and fern-like, and in itself makes rather a handsome ornament. The blooms, which are much smaller than the older Pæonies, are of a rich crimson, much like a Gen. Jacq. rose, and appear about a month before any other varieties.
- P. *Officinalis*. This is the old-fashioned garden "Piny," with dark purplish crimson very double large flowers. We also offer a white variety of the same. They come into bloom about a week before the Chinese sort.
- P. *Sinensis*. These are the Chinese varieties and embrace the greatest range of colour, running through all the shades from white, pink, rose, cream, red to dark purple. They are quite sweet scented. We offer some twenty-five choice kinds of these.

POLYANTHUS 5 cents each

A very large stock of these. Strong clumps in all shades.

PRIMROSES Chinese 15 cents

These are usually looked upon more as winier blooming plants, but in fact they flower the year round. We can at all times supply fine plants of any of the colours.

PRIMULA FORBESII 10 cents each

This is the Baby Primrose so much advertised. Small lilac flowers produced in wonderful profusion.

HARDY GIANT PRIMROSE Harry Mitchell 10 cents each

Few new plants have ever given so much satisfaction to buyers as this fine Primrose has. It is hardy, blooms so early and continues in bloom so long that all are delighted with it.

Within the last two years it has proved itself to be one of the very best plants for winter flowering in the house. Clumps of it if taken up in the fall and kept moderately cool begin to bloom in February and continue till April.

NEW HOSE-IN-HOSE PRIMROSE Frank Mitchell 10 cents

This is somewhat similar to the foregoing in colour and growth, but is distinguished by being what is called hose-in-hose, that is one flower growing out of another. It is almost as large and vigorous as the former one.

HARDY ENGLISH PRIMROSE Double White 25 cents each

In this sort each flower comes up on a separate stem. Each bloom is perfectly double, resembling a fine double daisy and is of a rich creamy white colour, and very sweet scented. They bloom almost in advance of anything in the spring and are quite hardy. Very rare in this country.

PYRETHRUMS

P. Parthenium fl. pl. is the well known double white Feverfew which is almost indispensable for cutting purposes in summer. 5 to 10 cents each.

P. Aureum is the Golden Feather so much used for bordering beds. 15 cents per box.

CALIFORNIA PRIVET

The finest of all hedge plants. Rich green leaves which remain a good part of the winter. Should be clipped quite closely for two years so as to make a thick, broad base, then may be cut to any shape desired. Plant from 12 to 20 inches apart according to size. We offer bushy plants 12 to 18 inches high at \$5 per 100. Two to 3 feet high \$8 pr 100. Small plants at \$1 per 100, but we do not recommend these.

RANUNCULUS ACRIS FL. PL. 10 cents each

The double yellow Buttercup or Bachelor's Button. Very hardy and a favorite with many.

RETINISPORAS 30 to 50 cents

Small, growing evergreens of remarkably compact and handsome appearance. Make fine pot plants or if preferred may be planted out being quite hardy. Those we offer are in pots so may be used at any time. The two best sorts are :—

R. Pisifera Aurea and R. Plumosa Aurea, the former being somewhat flat-leaved and the latter more plume-like.

POT GROWN ROSES Own root 10 to 25 cents

We do not grow Roses very extensively but we can supply in season the most reliable sorts in the following classes :—

Hardy climbing Roses in several of the best sorts.	Monthly and Tea Roses, best varieties. Rugosa or Japanese Roses, in several kinds. Ramblers, crimson, pink, yellow, etc. Wichuriana Hybrids, Creeping Roses.
Hardy Hybrid Perpetual Roses in leading sorts.	

IMPORTED FIELD GROWN ROSES on Brier stock 25 cents each

We have this year imported a selection of the leading H. P. Roses on budded stock. These often grow more vigorously than those on their own roots. They should always be planted so that the point of union is several inches below the surface of the ground.

RUBUS ROSÆFOLIUS 10 cents each

The double flowering bramble, clear white.

RHODODENDRONS \$1 50 each

We have imported this season from England and Belgium a nice selection of Rhododendrons of the choicest kinds. These are fine plants with from five to eight heads of bloom. We have them potted so that they can be safely moved at any time.

RUDBECKIA Golden Glow 15 cents each

A grand hardy plant growing five to eight feet high and bearing all summer immense quantities of double yellow flowers somewhat similar to small sunflowers. Having fine long stems they are well adapted for cutting.

RUBBER PLANTS 50 cents to \$1 each

Fine strong plants in 4 inch and 6 inch pots. We have never had a nicer lot of these.

RUSSELLIAS 10 cents each

Grassy looking plants with drooping stems bearing a profusion of tubular scarlet flowers. An excellent basket plant. We offer three varieties differing slightly from one another.

SALVIAS 5 to 10 cents each

The only objection to the old *Salvia Splendens* was that it was sometimes late in beginning to bloom. The newer sorts are much earlier, and are also of a dwarfier and more compact growth and are the most showy plants in the garden. Should be planted in full sun.

Bonfire, most intense scarlet, very dwarf.

Ingenier Clavenand, rather taller with long spikes of brilliant scarlet.

Glory of Stuttgart, rich deep scarlet, heavy spike.

Silver Spot, leaves mottled, and spotted yellow

NEW SYLVIA Little Lord Fauntleroy 15 cents each

Should this live up to the character given it, it will certainly be one of the most valuable bedding plants we have had for years. It is described as growing to the height of a Geranium, and being covered all summer with the most brilliant flowers of bright scarlet

SAXIFRAGAS 5 to 10 cents each

The Strawberry Geranium, so called.

SELAGINELLAS 5 to 25 cents each

Handsome plants somewhat allied to Ferns, and like them thriving best in the shade. The spreading sorts are the most useful, being very convenient for dressing the tops of large pots in which other plants are growing, and also for a variety of uses in decoration.

Emiliana, upright, with the appearance of a dwarf fern.

Kraussiana, bright green, most rapid grower.
Kraussiana Aenea, light yellow, fine.

SEDUM ACRE 5 cents each

Low growing hardy plant, very useful for rockeries, etc. Flowers bright yellow.

SOLANUM CAPSICASTRUM 10 cents each

These improved sorts of the old Jerusalem Cherry are amongst the handsomest ornaments for winter decoration. They are of very dwarf habit and are perfectly covered in their season with bright red fruit, some of which is round and others cone shaped.

SOLANUM JASMINOIDES 10 cents each

Rapid climber, with clusters of white starry flowers. Blooms all summer.

SOLANUM AZUREUM 20 cents each

Somewhat like above but even a more rapid grower, and with blue or purplish flowers instead of white. The bloom is followed by quantities of red berries, which remain a long time, thus adding to the effect.

SPIREAS 10 to 20 cents each

Fine hardy plants of which one or more sorts should be in every garden :—

Filipendula, fl. pl. White double flowers, dwarf and free blooming.

Japonica. Well known on account of its use as a plant to force for winter blooming.

Lobata. Double creamy white, very strong growth.

Palmata. Tall growing, deep pink.

Shrubby sorts

Anthony Waterer. Flat heads of deep pink, flowers dwarf.

Salicifolia. Upright spikes of light pink.
Van Houttei. White, best of all.

STATICE Sea Lavender 15 cents each

Fine hardy plants. The flowers may be cut and dried, and will keep for years :—

Incana. Red, with white envelope.

Latifolia. Blue, with white envelope.

STENATAPHRON 5 cents each

A variegated grass, with long spreading joints, making a capital basket plant.

STEPHANOPHYSUN LONGIFOLIUM 10 cents each

Somewhat like the Ruellia, but of more shrubby growth. A perpetual bloomer, bright scarlet

STOCKS 10 weeks 15 cents per box

From best seeds, all colours.

STOKESIA CYANEA 15 cents each

Cornflower Aster. Hardy perennial with large blue flowers, blooming from July till frost.

SWAINSONIA GALEGIFOLIA ALBA 10 to 25 cents

A shrubby plant with handsome white pea shaped flowers produced in clusters in great abundance through the most part of the year.

SWEET ALYSSUM 5 cents each

Giant double white. Fine plant for baskets or borders. Also very useful for cutting.

THORNS Double Flowering \$1 00 each

The Double Thorns are amongst the most handsome of small trees and are especially suited for lawns. We offer the double red and double white.

THRIFT Sea Pink 10 cents each

Rosy lilac flowers resembling somewhat both in growth and bloom some of the varieties of pinks. It is very free blooming and makes a very neat border for beds. Hardy.

TRADISCANTIAS 5 cents each

Two sorts. Quick growing trailers for baskets etc. *Thalictrum Adiantifolium*; foliage resembling a Maidenhair Fern, very useful for cutting. Small yellow flower. *Thalictrum Aquilegfolium*. Taller growing with pinkish flowers.

TRITOMA UVARIA 15 cents each

An old plant long known as the Red Hot Poker. From September onward they throw up flower stems to the height of four or five feet bearing each a cone-like head of orange and yellow flowers.

TRITOMA PFITZERI Everblooming Tritoma 15 cents

A comparatively new variety of which too much can hardly be said in praise. It is much dwarfer in growth than the older sort and of a brighter colour, but its great recommendation is the early and very continuous way it blooms. To get best results plants should be planted early in May, and just as soon as they get well established they begin to bloom and continue right up till the ground freezes hard. Moderate frosts scarcely check them at all. Nothing can be more showy than a bed of these, and they are also excellent for cutting, as the flowers continue opening in water. The roots should be stored in winter like a Canna.

TROPEOLUMS 5 cents each

A great variety of the dwarf sorts for baskets etc.

TROPEOLUM CANARIENSIS 5 cents each

The Canary Creeper, a rapid climber, bright yellow.

TROPEOLUM Double 5 cents each

Full yellow flowers. Very fine basket plant.

TUBEROSES Pearl 10 cents

Fine bulbs well started in pots.

VALERIAN or GARDEN HELIOTROPE 15 cents each

Tall growing hardy plant with white flowers somewhat the odor of Heliotrope.

VERBENAS 15 cents per box

We offer a fine lot of seedlings of the mammoth strains which we have found on the whole to give more satisfaction than plants raised from cuttings. We can supply these in all scarlet or with mixed colours in each box as desired.

VERONICA BUXIFOLIA 25 cents each

Very compact grower with shiny green leaves of about the size of Box leaves. May be trimmed to any shape desired.

VINCA MAJOR VAR 5 to 10 cents each

Running plant for baskets etc.

VIOLETS 5 to 10 cents each

Strong clumps from cold frames. Double and single sorts.

WIEGLIAS 25 cents

We offer several sorts of these handsome shrubs. Should be ordered early and planted not later than May 10th.

WISTARIA SINENSIS 20 cents each

Fine hardy climber with large racemens of purple pea-shaped flowers.

YUCCA GLORIOSA 10 cents up to \$2 each

These are amongst the finest of all tub plants for standing on lawns, etc. We have all sizes of them.

ZINNIAS 15 cents per box

The large double sort in variety.

HANGING BASKETS

Large Hanging Pots, 75 cents each.

Smaller size, 50 cents each.

VASES

Earthenware, painted white and well filled with plants of the most suitable kinds, \$2 each. Smaller sizes, \$1 50 each.

Customers having baskets or Vases which they wish to have filled can have them attended to at any time, or if desired, can have them exchanged for ones already filled and established.

STRAWBERRY PLANTS

Clyde. Extra large and fine berry. Requires good cultivation, 75 cts. pr 100. \$6 pr 1000.
Williams. Large size. Best for general use. 50 cents per 100; \$4 per 1000.
Wilson. Ahead of all for flavour; 50 cents per 100; \$4 per 1000.

ASPARAGUS ROOTS Conover's and Palmetto

Strong 1 year old roots, \$1 per 100.

Strong 2 year old roots, \$2 per 100.

Special prices for large quantities of these.

HORSE RADDISH \$1 50 per 100**RHUBARB, Large Roots, 25 cents ea.****VEGETABLE PLANTS**

We offer this season the best and most reliable sorts of Celery, Tomato, Cabbage, Cauliflower and other plants at lowest rates.

We can supply at Manufacturer's prices, all sizes of Flower Pots and Saucers. Also Vases, Hanging Pots, etc.
